

# Select Line™ Compressors

## The Global Quality Alternative to Reconditioned Parts.

### Value-Priced

Designed to meet your application needs, Select Line™ parts maintain the performance of your older equipment, while reducing repair and maintenance costs.

### Factory-Backed

Select Line parts carry a limited warranty through our global parts network, so leave the risk of locally warrantied, reconditioned components behind.

### Standard Options

Select Line parts are built with your requirements for quality and value in mind.

## For a Solid Bottom Line.

Part Number	Description
18-00055-20RM2	06DR Compressor
18-00055-21RM2	2nd Tier Reman

### Features

- One coat liquid paint meets 500 hour salt water requirements.
- Older style reversible oil pump.
